CITY COUNCIL SETS KAINS AS ONE-WAY SOUTHBOUND STREET FOLLOWING LENGTHY PUBLIC HEARING MONDAY

Everyone who had anything to say about Kains Avenue was heard during the public hearing conducted by the City Council Monday night, and now it's official — Kains will be one-way southbound.

The voting came about 10:40 p.m. after a motion by Councilman George Hein to adopt Resolution No. 61-88. Although he had

earlier offered to add an amendment inserting a trial period, he decided at the last moment to leave the resolution as it was. He did say, however, that if southbound did not work out, he would be "the first to say try something else."

Hein's motion was temporarily in danger of dying for lack of a second, but Mayor Joe Carlevaro

stepped down from the chair (having the acting secretary fill in as mayor), seconded the motion, and returned to the mayor's chair to cast an "aye" vote along with Councilmen Hein and Boylch. Councilmen Lewis Howell and Joel Parker voted "no."

Although parties involved in the generally orderly hearing on Kains southbound versus Kains both ways, struggled to keep discussions on an impersonal basis, it became a highly personal matter toward the end of the meeting when an exasperated William Garren, manager of the Albany Theater and one of the leaders of the fight for two-way traffic, said he thought it would be morally and ethically wrong for two Councilmen to vote on the question since they had personal interest in the outcome. (He referred to Mayor Carlevaro of Mary and Joe's and George Hein of George's, both San Pablo Avenue businessmen.)

Boylch rushed to the defense of his colleagues, stating that he felt it was not fair to interject this idea; that the matter had nothing to do with personalities. He added that he believed there was no alternative than to go along with recommendations of the Chief of Police and the City Engineer, both of whom had been represented in the discussions. Chief Ralph Jensen by letter, and City Engineer and Administrator James B. Turner in person.

There were many comments from the audience, almost evenly divided in their opinions as to what should be done about Kains. Garren, George Bernard of Dard's Stationery and George Heidecker, Solano Avenue developer, represented the merchant group favoring two-way traffic. Garren presented petitions bearing the names of 240 persons.

Harold Pavay of Discounts, Unlimited, on San Pablo, presented petitions bearing 86 signatures of business people and 45 residents, including 25 who live on Kains, all supporting Kains as a southbound one-way.

Although it would be impossible to chronicle all audience remarks during the hour-and-a-half hearing, two former Albany mayors, Mrs. Kathie Zahn and Jerome Blank, spoke.

Mrs. Zahn said, "You'd better leave it alone. The people must be considered, too."

Blank said he would like to see Kains as a two-way, suggesting that a long range solution might be to widen the street using the 60 per cent of state highway users' tax money which must be expended for construction of major city streets. He said he realized this money is currently being set aside for the Buchanan-Marin project.

John Zoro, chairman of the Traffic and Safety Commission, spoke. He said two-way on Kains is not feasible at this time, that the present pattern does not make sense insofar as orderly traffic flow adjacent to a main thoroughfare is concerned. He added that the commission is responsible for the preservation of life and property of the people of Albany and that according to all information presented to the body, Kains should be southbound.

At the outset, Garren asked for Council reasons to reverse the direction of Kains. This question was answered by City Administrator Turner, who outlined the history of the street beginning in July, 1936, when the City Council authorized a study of streets paralleling San Pablo to

ALBANY CITY EMPLOYEES HONORED DURING MONDAY COUNCIL MEET

Albany City employees were presented with an award from the State Workmen's Compensation during the Council meeting Monday night. Employees, according to Donald K. Hiatt, who presented the citation, have a record of 160,000 man hour in a contest period of one year without a disabling or lost time injury.

Council members heard a report from City Administrator James B. Turner concerning the Rapid Transit engineers' new proposal that an elevated routing right down the middle of San Pablo be considered. (See separate story). There was some discussion on the problem and the feasibility of conducting a public hearing in Albany, but it was voted that the hearing be postponed until after a meeting of Albany and El Cerrito City Councils this Thursday or Friday (to be set up by Turner) and the meeting November 21 with Rapid Transit representatives. The hearing before the County Board of Supervisors is scheduled for December 5.

In other action, the Council unanimously amended its resolution appointing William Hutt as assistant chief of the Fire Department to read "for a probationary period of one year." It unanimously accepted a recommendation from Clayton B. Berling, new chairman of the Park and Recreation Commission, that park personnel be transferred to the Public Works Department. It denied a request to fill in a parking strip in front of a residence at 918 Ventura with brick because it was against the ordinance.

The installation of "yield" signs on Ventura at Posen, a through street, was adopted as an alternative to proposed stop signs following a report by Turner that stop signs seems unwarranted. Boylch, who lost a motion for want of a second that the Traffic and Safety Commission consider this and make recommendations prior to Council action, voted "no" with others in favor of immediate action based on Turner's report.

Considerable discussion centered around a Park and Recreation Department recommendation that the Council instigate action to reserve and have the Planning

and Zoning Commission rezoned available property at the north boundary line, west of San Pablo, for recreational purposes. The property, commonly known as the Phipps Estate, is behind the proposed new Orientation Center for the Blind. Boylch, stating that residents on the west side of San Pablo have had a dire need for a recreational area for many years, moved that the matter be referred to the Administrative Officer and Planning and Zoning Commission for action. Hein seconded the motion.

Parker said that while it is admirable to consider a recreation area, the Council must consider other possible uses. Boylch said he cannot see any better purpose than preserving land for the children and future citizens of Albany. Howell entered the discussion by questioning the right of the Council to bring up a matter "that could involve thousands of dollars" and expect its passage the same night. Boylch pointed out that the Council had been asked to "instigate action to reserve" the property. Howell said he "cannot go along with the city buying commercial property," then cast the lone "no" vote on Boylch's motion to refer it to the suggested persons.

On a motion by Councilman Boylch at the close of the hour-long business meeting preceding the Kains hearing, the Council and audience stood in respect to the memory of "three people who have served the city well," former Mayor Larry Williams, Chairman of the Park and Recreation Commission Nina Innes, and Albany Postmaster John P. Shea.

Marie Farwell
Back From
Hawaiian Trip

Marie Farwell, longtime saleswoman with Mark Reid, Realtor, at 1573 So'ano, returned Sunday from a 17-day trip to the Islands. Accompanied by her husband, Ivyn, who is employed at the Radiation Lab Mrs. Farwell was one of a group of about 100 persons who took the trip, which was arranged by the 184 Club at the Lab. She said they landed on Maui, went to Kona Coast on Hawaii, where early whaling ships landed, and spent some time in Hilo, second largest city. They took a plane to the Island of Oahu, where they spent week in Honolulu, where the weather was ideal. One of the most moving experiences shared by the group was a boat trip to Pearl Harbor, where they saw the memorial being constructed over the hulk of the USS Arizona, which was bombed in the Japanese attack. The group flew to Kauai Island, where they enjoyed a sumptuous buffet luncheon at the famed Cocoa Palms and a boat trip on the historical lagoon. After visiting other points of interest, they returned home by air. Mrs. Farwell said everyone should go to Hawaii once in his life. The scenery is spectacular, the people are warm and friendly, and it is interesting to see the sugar plantations and beautiful flowers. She was told that tourists are the No. 1 business there, followed by sugar and pineapple. Ninety-five per cent of all sugar grown is sent in bulk to the C and H plant in Crockett. The Farwells live in El Cerrito.

Through his world-famous "Each One Teach One", an estimated one hundred million adults have learned to read and write in their own language. Dr. Laubach has visited 101 countries working with missionaries, educators, private welfare agencies, foreign governments, our United States government, UNESCO. Dr. Laubach will arrive Berkeley Wednesday afternoon November 22, after speaking engagements in Southern California and in North Carolina November 10 and 11. Dr. Laubach participated with former Presidents Eisenhower and Truman in a "People to People" kick. He has been consulted by President Eisenhower's "People to People" program since its inception. Following his Thanksgiving services, Dr. Laubach will help conduct a Literacy Workshop, November 24 and at Stiles Hall, the University Student YMCA. In December, he and Mrs. Laubach will go to the Philippines to participate in the celebration there of the tenary of the birth of Jose Rizal, the "George Washington of the Philippines." In 1936, Dr. Laubach wrote a biography of a great man entitled "Rizal - A Martyr". As a result of Laubach's pioneer literacy work the native people of the island are 85 to 95 per cent literate in their own language and dialect - that were never taught in schools. Dr. Laubach is a retired missionary of the American Board of Foreign Missions, and has years been giving his energy and time to a Crusade for World Literacy. He is convinced that Africa and other underdeveloped areas of the world are to be liberated, politically, and literately, it has to be done now, wrote in the Christian Herald, September, 1960. "Unless enough Americans catch a vision of what the world seems hurtling toward disaster. Half of the world is illiterate. The illiterate people, hungry, and because they are hungry, they are angry, rebellious. It is impossible have a safe world for as long as half of the world is illiterate and starving. Our world dangers are stemming from the miseries and anger the hungry half of the world." Dr. Laubach is a well-known author. Some of his most popular books are: "Letters by an American Mystic", "Prayer, The Greatest Force in the World", "Mystics of Spiritual Power", "Are My Friends", "Inspired Teachers", "Thirty Years With Silent Billion", "Wake Up, Blow Up", and "The World Learning Compassion". Lengthy Illness Claims Mrs. Nina Innes, 28, Park, Recreation Head

Mrs. Arnold (Nina) Innes, 28, of 975 Ventura Avenue, chairman of the Albany Park and Recreation Commission, lost her valiant fight for life early Saturday morning. She had come home from the hospital less than a week previously.

A though illness had plagued her for many years, which were marked by surgery, painful treatments, and many periods of hospitalization, Mrs. Innes never lost her zest for life and won the admiration of all who knew her for the courage and determination she displayed in the face of overwhelming odds.

Funeral services were conducted Monday afternoon at Berkeley Hill's Chapel by the Rev. Albert H. Olson. Interment was in Sunset View Cemetery.

In addition to her husband, the young mother leaves three children, Cheryl, 10; Robert, seven, and David, five. Other survivors include her father, James J. Byers of Berkeley, and three brothers, James J. Byers of Salt Lake City, William C. Byers of San Leandro, and Warren J. Byers of Salem, Oregon. Her mother, Mrs. Nina Virginia Byers, died about three weeks ago.

Born in Walthill, Nebraska, Mrs. Innes came to the Bay Area

as a young girl. She attended Berkeley schools.

She was a member of All Souls Episcopal Church of Berkeley and an active volunteer at both Alta Bates and Herrick Hospitals. She was area chairman in Albany for the Alameda County Heart Association, volunteer worker at Planned Parenthood, and a former member of the Pre-School Mothers Club.

Her tragic death at the prime of life has saddened a wide circle of Albany friends and acquaintances.

Chamber High Lights

By IRENE GROVE

Everyone loves a parade! Especially a colorful patriotic parade with its marching bands, precision military units, and all the colorful floats and pretty girls. Just such a parade was the Alameda County Veterans' Day Parade in Berkeley last Saturday! It was a clear and sunny day — unlike the very wet and dripping one last year when our city hosted this event.

Albany was very much a part of the parade and a salute goes to the people who made this possible: to C. Eddie Johnson, Albany Parade Chairman for the arrangements; to the Albany High Marching Band for their excellent performance; and all of Albany's other outstanding entries. A special salute to American Legion Post 292 for their two first award-winning entries — the Post's outstanding color guard and their significant float.

And now a very special bouquet to the Albany Jaycees. Especially to a group of our younger businessmen to whom nothing is impossible. Due to some difficult circumstances, it seemed a day or two to the parade, Albany would not have a civic float and our lovely Maid of Albany, Diane Liotta, would not be in the parade. But as a result of the determination and hard work of members Bill Johnson, Les Laybourne and Jerry Sandlin, and the organization of President Ron Baird, Albany had a beautiful white and gold float, decorated with growing plants thanks to Johnny Pleich from Flowerland Nursery, a perfect setting for Diane and her two pretty attendants, Lynda Gilbert and Carol Ochoa. Diane looked lovely and every bit a queen as she passed the reviewing stand. Our hats are off to you!

Before you hear the story from other sources — Albany's Mayor Carlevaro rode in a very elegant black convertible in the leading cars — your Chamber Manager was graciously invited to ride along. Of course it is the funny

things that are remembered but your Chamber Manager was first introduced as the Mayor's wife — a matter soon corrected, but our apologies to Mrs. Carlevaro.

Football season is almost over — but closes with its own special glory. A real treat is in store for football fans in the third annual Graders Bowl Game next Saturday at Cougar Field, Albany "Bobcats" (eighth grade players) are known for their highly spirited, never quit, type of play and for their 4-1-1 record so don't miss seeing these boys in action.

December 30 is the date set for the Annual Football Banquet at Spenger's to honor our Albany High Cougars and Coach Bill Savage. This affair is sponsored by the Albany Lions Club — more information next week.

Also don't forget tickets will be available at your Chamber of Commerce office for the "Mercy Bowl" Game in Los Angeles on Thanksgiving Day.

Motel Guest Charged With Fire

Alexander J. Hardy of Arizona was arrested by Albany police early Sunday morning at the Villa Motel, where his cigarette allegedly started a fire resulting in about \$500 damage to his motel room.

A cording to Officer Gil Mar-dilla and Inspector Vern Freeman, who investigated the blaze, members of the Berkeley and Albany fire departments,

Hardy was arrested for causing a fire with a cigarette and failing to report the blaze immediately. He was being held in lieu of \$2100 bail.

ARE ALL MEN EQUAL?

Yes, in a sense — but as the Pig Dictator in George Orwell's satire "Animal Farm" said, "All animals are equal, but some are more equal than others!" Well there's no doubt that some men are smarter — some meaner — some handsomer — some uglier than others. We're all different, including banks. But at Mechanics we want everyone to feel equally welcome. Banks have something for everyone. At Mechanics it is a SPECIAL something.

FOR SAFETY — DRIVE CAREFULLY

COUNCIL SETS KAINS ONE-WAY

(Continued from page 1)

consider what could be done about Albany's narrow streets, namely, Madison, Adams, Kains and Stannage.

The Council retained a trained engineering consultant from Sacramento, who submitted his report, the D. Jackson Faustman report, in December. It was considered in January, 1957, and for some reason not indicated in the minutes, the Council went against the recommendation that Adams

and Stannage go northbound and that Kains and Madison go southbound with parking on but one side of the street, thereby creating what is known as one-way couplets or two paralleling streets with opposite traffic directions. After public hearing the Council designated both Kains and Adams as one-way northbound streets. This was set up in February on a trial basis. Another public hearing was held the following May and both streets

were permanently designated as one-ways, both northbound.

Later, the matter was referred to the Traffic and Safety Commission for recommendations, but the group indicated people had made adjustments to the traffic conditions and recommended no change. The matter was never seriously considered again until 1961, when Councilman Hein asked that the Commissioner of Public Works and Traffic and Safety Commission re-evaluate Kains. This was completed last May, with the recommendation that the entire Faustman report, including all four streets, be adopted. There were protests; a date was set for a public hearing, which was later postponed to complete an updating of the report by the City Engineer. In August, Turner said, the Traffic and Safety Commission, after considering petitions and letters and after reviewing the Faustman report, recommended adoption of the full report.

Touching on Albany streets qualifying for gas tax funds, Turner said that one-way couplets qualify and that the state has indicated that Adams and

San Pablo possibly could be considered such a couplet, but that Kains and San Pablo could not qualify because motorists could not turn right from San Pablo. He said Kains and Stannage might be used as a one-way couplet, but the simple right turn movement off the main thoroughfare would become complicated and there is a question that it would qualify.

The City Engineer added that since the report has been updated, it has been learned that since 1956, traffic in the area involved in the Faustman report is 14 per cent greater. Adams is at almost the same volume, but Kains is only 80 per cent of the two-way traffic in 1956. Stannage has increased 107 per cent, and Madison has increased three per cent.

The discussion seemed to boil down to San Pablo merchants vs. Solano merchants, with the San Pablo group being accused of trying to take business away from Solano. Councilman Hein said, "Would you consider trying southbound for a trial period? We've gone along with northbound . . ." This was interpreted by Garren to mean, "You've had it your way, now let's try it our way."

Garren's communication suggesting the establishment of a local parking authority was enthusiastically received, although no action was taken Monday night.

At one point, Councilman Parker moved for a resolution designating Kains as a two-way with parking on one side. He added an amendment that it be on a trial basis for 60 days. The original motion died by the same 3-2 vote which ultimately made Kains a southbound.

For 1962...an all-new kind of Ford!

the car that's just right for just about everybody
right size... right price...

You've never seen anything like it, because *there's never been anything like it* . . . until today. On the outside the new Ford Fairlane 500 measures a quick 197 inches from stem to stern. A foot shorter than the cars from which it borrowed its name, it calls the snugest parking places home. At the same time, *on the inside* the new Fairlane 500 is as big as some of the biggest Fords ever built. You get big-car leg and head room.

The new Fairlane 500 is priced way under previous Fairlanes, well under many compacts. But Fairlane economy doesn't stop with a pretty price tag. It runs to amazing gas savings—with either the world's first economy V-8 or the nickel-nursing Fairlane Six. Routine service is reduced to a minimum—10,000 miles on many items, only twice a year or 6,000 miles on the rest. See and drive America's newest cars—the Fairlane and Fairlane 500.

RICHARD, HELEN MURRAY OBSERVE GOLDEN ANNIVERSARY TODAY

Richard F. Murray, a contender for the bantamweight championship of the world in 1908, gave up fighting before his marriage, which may be part of the reason he and his wife, Helen, are observing their Golden Wedding Anniversary today.

The couple has lived at 1076 Peralta Avenue for 42 years. They were married on November 15, 1911, at Old St. Mary's Church in San Francisco, living in that city until moving here.

Murray, 75, was born on Telegraph Hill in San Francisco. In 1908, he fought Monty Attei in Sacramento for the bantamweight championship, retiring from his eight-year career as a professional fighter in 1910. He worked as a marine engineer for the Key System ferryboat and later served with the Maritime Commission during World War II.

Mrs. Murray, 67, the former Helen Bettencourt, was born in

the Hawaiian Islands, where her parents, who lived in San Pablo, were leasing a coffee plantation. They returned in 1910.

They are the parents of four living children, Mrs. Helen Diller of Van Nuys, Mrs. Barbara Peoples of San Pablo, and R. Murray Jr., and Charles H. Murray, both of Albany. There are six grandchildren and four great-grandchildren.

Their children hosted a family gathering at the Larry Peoples' residence in San Pablo followed by a Golden Wedding anniversary dinner at Sabe Capri Room in San Francisco.

'SPEAKING OF MURDER'

PRESENTED BY

AHS SENIORS FRIDAY

The Albany High School auditorium becomes little Broadway Friday evening, November 17. At 8 p.m., the curtain will rise on the suspense-filled melodrama "Speaking of Murder," the senior class play.

When Charles Ashton brings home his second wife, he fails to notice the hate and jealousy in his secretary's eyes. He is not even aware of the dangers that threaten his wife, on whom his

secretary turns the full force of her malice.

Soon we know the shocking truth: it was the secretary who had killed the first wife, and it is now her intention to lock the second wife in the library vault, where it is calculated she will suffocate within two hours. There is a delightful "little-old-lady" scoundrel who holds the solution in her hand and who might save the wife. The key to this problem is left to the young stepson and to the general working out of the pattern of justice. This is a pleasant mystery which makes it a delightfully sinister evening of entertainment.

The charming old scoundrel, Mrs. Walworth, was originally played on Broadway by the celebrated actress, Estelle Winward. In the Albany High Senior Class play, Melissa Carlson will give her interpretation of the British part. Due to the size of senior boys, Director Freeman Sargent was forced to go to the ninth grade for a young fellow who could read and act well, so Eddie Williams is taking the part of the nine-year-old step-son. Linda Vargas, who has been active in other Albany High School plays, will play the part of the movie star "second wife". Charles Ashton, the father, is played by Pete Hanelt. The villainess, Miss Annabelle Logan, is getting the full treatment of the "bad" woman with the efforts of Nancy Golden.

Janie is played by Anita Johnson; Mildred the maid, Lorraine Robson; Bob Kantor, the inspector; Judy Williamson, assistant director; Rosemary Guarischi and Debbie Googins, property managers, and Kathleen Millard, prompter.

COUGARS

LOSE TO

AMADOR

Albany High's Cougars wound up the season in a three-way tie for third after taking a 26-14 beating by the Amador Dons at Livermore Friday night.

St. Vincent's stood first in DVAL-East Bay standings with 5-0. Livermore placed second with 4-1. Albany, Amador, and Liberty won two and lost three each. John Swett is in the cellar with five losses.

Albany's first touchdown, a one-yard plunge by halfback Dick Grove with halfback Bob Kantor booting the extra point, tied the score 7-7 early in the second period. It got up to 14-20 in the fourth quarter when tailback Gary Hall passed to Kantor, but another Amador touchdown put the game on ice.
